

INTEGRATION GUIDE

MOODLE

With Moodle™ integration, students at your institution can access the PlaceU™ system through Moodle in order to take placement tests.

BEFORE YOU BEGIN

Your sales representative must provide you with a **Key**, **Secret**, and **URL** before you can set up the PlaceU integration.

ADD A LINK TO PLACEU

1. Sign in to Moodle.
2. Click **My Courses** and select your course.
3. Click **Turn editing on**.
4. In the section you want to link to PlaceU, click **Add an activity or resource**.
5. From the **Activities** menu, select **External Tool**, and then click **Add**.
6. Enter the following fields:
 - a. For **Activity Name**, enter PlaceU.
 - b. For **External tool type**, select **Automatic Based on Launch URL**.
 - c. Enter the **Launch URL** you were given.
 - d. For **Launch Container**, select **New Window**.
 - e. Click **Show More**.
 - f. Enter **Consumer Key** you were given.
 - g. Enter the **Shared Secret** you were given.
7. Under the **Privacy** menu, select both **Share the launcher's name with the tool** and **Share the launcher's email with the tool**.
8. Click **Save** and **return to the course**.

PlaceU is now integrated into your Moodle course.
