QUICK START GUIDE

This Quick Start Guide provides information to help you start using WebAssign.

INSTRUCTOR OR INSTITUTIONAL ENROLLMENT

Unless your instructor gave you a class key like **MYSCHOOL 1234 5678**, you are probably already enrolled in your class and only need to log in to start using WebAssign.

NOTE: If you *do* have a class key, see webassign.net/manual/Student_Quick_Start_Guide_SE.pdf.

LOG IN

Depending on your school, you might log in to WebAssign through a course management system, your school's authentication server, or at webassign.net/login.html.

LOG IN AT WEBASSIGN.NET

1. Go to webassign.net/login.html.
2. Type your **Username**, **Institution** code, and **Password**.
If you did not receive a password, click **Forgot your password** and create a password.
3. Click **Log In**.

IMPORTANT: The first time you log in, change your password.

PURCHASE ACCESS

WebAssign gives you free access for two weeks after the start of class. To continue using WebAssign after that, either enter an access code or purchase access online.

NOTE: An Access Code included with some textbooks verifies that you have already purchased WebAssign access.

I have an access code

1. Verify your access code at webassign.net/user_support/student/cards.html.
2. Log in to WebAssign.
3. Select **enter an access code**.
4. Select your access code prefix.
5. Enter your access code and click **Continue**.

I do not have an access code

1. Log in to WebAssign.
2. Select **purchase access online** and click **Continue**.

3. Select items to purchase, confirm any license agreements, and click **Enter payment information**.
4. Provide your payment and contact information to PayPal and click **Continue**.
5. Review your order and click **Complete purchase**.
6. Close your receipt and start working in WebAssign.

LEARN

Your current assignments are listed on the **Home** page for each class.

1. Click the assignment name.
2. Answer the assignment questions.
WebAssign supports many different question types. Some questions display a tools palette or open in a new window.
3. Submit your answers.
4. Review your marks and feedback.
Usually you will see ✓ or ✗ for each answer.
5. Change your incorrect answers and submit again.
6. When you are done, always click **Log out**.
